Ludwig van Beethoven, Classical Piano Sheet Music : Bagatelles, Rondos and Other Shorter Works for Piano (Dover Music for Piano) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bagatelles, Rondos and Other Shorter Works for Piano (Dover Music for Piano):

0 of 0 people found the following review helpful. Excellent printing, clear and high definition By Julieta Excellent printing, clear and high definition. (No fingering) but it's fine, is a book with beautiful pieces. I love it! 1 of 1 people found the following review helpful. Three Stars By Caryn Great, harder to find pieces but NO FINGERING! 0 of 0 people found the following review helpful. Five Stars By P. Campbell Gift

Universally recognized for his critically important role in raising instrumental music to its highest plane, Beethoven is also highly regarded for his leadership in developing and extending the piano repertoire. His bagatelles, once described by the composer himself as "Kleinigkeiten" or "trifles" are short, masterful works that have proved tremendously popular not only for their pleasing sounds but also for the technical challenges they offer intermediate as well as advanced piano students. This superb, high-quality collection, reproduced from the authoritative Breitkopf & Hrtel edition, contains the composer's most popular and most performed bagatelles, rondos, and shorter compositions, including: Six Minuets (c. 1795); the Polonaise in C, Op. 89 (1814); Six Bagatelles, Op. 126 (1823/24); the famed Rondo a capriccio in G (Rage Over a Lost Penny, 1795); the Andante in F (Andante favori, 1803), and a generous selection of other short works. An easily affordable volume, the present edition provides Beethoven devotees, students, teachers, and music lovers with a delightful sampling of a number of spirited works by one of the music world's supreme masters.

About the Author The genius of Ludwig van Beethoven (1770-1827) casts a long shadow over classical music no other composer of the past two centuries has exercised a more profound influence. A product of the classicist generation, he was the first of the Romantics, and his works remain undiminished in their powers of enchantment.
