So I simply ordered another one and this book so I can play it and understand it better. Maybe they will enjoy the book, too. Sometimes the on screen tips are so quick, even a seasoned reader cannot read quickly enough. 0 of 0 people found the following review helpful. thanks. By Mark Lopez I love playing this with my friends. 0 of 0 people found the following review helpful. Age 11+ in my opinion due to skill

levelBy S. WickGood for 11+, unless your child is used to video games. This game was frustrating to my child at ages 7 and 8 and she only played for about 2 minutes before giving up. At 11 years old, she had a blast with it. The responses of the characters are quick, causing frustration and lots of mistakes and over-correction.
