**Lisa Bastien, Lori Bastien, Jane Bastien : Bastien Piano for Adults Book 2 : A Beginning Course - Lessons, Theory, Technic and Sight Reading** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bastien Piano for Adults Book 2 : A Beginning Course - Lessons, Theory, Technic and Sight Reading:

3 of 3 people found the following review helpful. Great for the beginnerBy Griffin JohnstonI got this used, and at this point in my studies, it was not advanced enough for me - I should be using the intermediate piano series. However, if you like the Bastien style of teaching, with short snippets of theory, technique, and pieces in different keys, this book will work great. The spiral binding is definitely a plus in my book - much better than the plastic comb or traditional

binding. If you know most of your major scales, triads, and can play simple pieces hands together, I recommend something a little more advanced - but that is not the book's fault, for what it is, I would recommend it to the beginner. 2 of 2 people found the following review helpful. Amazing combination of beautiful tunes  
By Natalia S. I think this book is totally amazing. I'm teaching piano and kids and adults are loving the choice of tunes I give them. I love the combination of beautiful easy to play jazz and blues pieces combining with some famous classic tunes and theory just what you need not get bored. The arrangement is what makes kids want to play it. It is challenging for them but not confusing like other books. 1 of 1 people found the following review helpful. Great way to reinforce what you learn.  
By SCF Good start for beginning adult. I still struggle with theory, but this really reinforces what you learn - but better than Alfred.

To teach piano basics, the Bastiens have created a new, rich course designed specifically for adult beginners. Bastien Piano for Adults is a welcome addition to the best-selling collection of Bastien methods and supplementary materials. Lessons, theory, technic, and sight reading are combined in one easy-to-use book. The series is gradually paced to ensure student confidence and success. The variety of music, custom selected for adults, includes famous classic themes, folk songs, spirituals, ragtime, blues, boogie, jazz, and Bastien originals that teach the basics in a straightforward, yet innovative manner.
