One really surprising idea that players won't want to missBy CustomerThe betting system actually works, I hadn't even thought to try most of these methods. It has an especially interesting idea that surprised me enough to prompt me to post a good review.0 of 0 people found the following review helpful. Honest systemBy vincent giambroneIt sounded got the thing he pointed out is the size of bankroll there's not

such thing as other systems say you don't need a big br in stated bigger the br the more confident you have a been playing on computer and doing really well it's worth the money and it's a honest book when he says in the long run casino win just know when to get out Vince the prince Florida2 of 2 people found the following review helpful. I liked itBy CustomerEasy to understand and something I'll be putting to use. Most definitely worth it

Beating Blackjack #1 Betting System Step is a betting system that helps the player win at blackjack. Stop throwing money away! Don't play another hand of blackjack without using the step system.
