0 of 0 people found the following review helpful. Strategy for Blackjack Players By H. Thompson I plan to try the strategy expressed in the book. For me, I would have appreciated inclusion of a chart depicting the strategy (a recommended strategy to minimize losses and increase winning percentages) with the book. I believe that the chart would have made the book more concise and improve understanding of his concepts.

Looking for a simple blackjack system that produces positive results?? This is the book for you. HOW TO BECOME A SUCCESSFUL AND WINNING BLACKJACK PLAYER takes you inside to a unique, unorthodox, but successful

blackjack system that took me years and years to create and perfect. You'll see blackjack from an entirely different perspective that'll shatter what "you believed" was the right way....Including is a very special section where I'll teach you how to treat blackjack as a small business.

About the Author Ron Baltazar lives in fabulous Las Vegas, Nevada, with his equally fabulous wife, Tonya, and my 3 knucklehead kids....Love em all!!! We also have a black cat...no bad luck though.
