From G. Schirmer : Beethoven - Complete Piano Concertos: Schirmer's Library of Musical Classics Vol. 4480 Two Pianos, Four Hands before purchasing it in order to gage whether or not it would be worth my time, and all praised Beethoven - Complete Piano Concertos: Schirmer's Library of Musical Classics Vol. 4480 Two Pianos, Four Hands:

2 of 2 people found the following review helpful. AMAZING!!!By RipoffIt has fingering and everything!!! The only problem is, I can't play it!!!0 of 0 people found the following review helpful. Perfect.By Bill GibsonNice complete edition. Binding is wonderful. Perfect for accompanying my students.2 of 2 people found the following review helpful.

Great book for the priceBy MaddenI generally shy away from Schirmer editions due to issues with the binding and sometimes the printing. I was very happy with this edition, not only because it combines all five Beethoven concertos but also because the source material (and thus the printed material) is very authoritative. One small drawback with this edition is that all the cadenzas are at the back of the book, which is okay since most people play from memory in performance. I do recommend getting the book spiral bound as it's easier to keep open that way, but that's just a personal preference.

(Piano). For the first time, all five of Beethoven's piano concertos are brought together in one inexpensive and convenient publication. Includes Kullak's original prefaces, several alternate cadenzas, and performance suggestions.
