From Associated Board of the Royal Schools of Music : Beethoven: Complete Pianoforte Sonatas, Vol. 2 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Beethoven: Complete Pianoforte Sonatas, Vol. 2:

0 of 0 people found the following review helpful. Beautiful By Laurie Very clear to read. Fingering is accurate and helpful. Beautiful. 1 of 2 people found the following review helpful. \$25 is good price By miffie I will buy this another series (sonata Vol.1) if it is under \$25. I do not want buy over \$ 30. 3 of 4 people found the following review helpful. very good edition By Customer With the availability of public domain classical titles on the Web, it's getting more and more difficult to justify spending \$25 on a collection of Beethoven sonatas. But quite honestly in my case it is worth it for the very fine editing. I remember using the Schnabel edition when I was in high school with it's half page footnotes and some rather "opinionated" performance suggestions. This edition, on the other hand, is a model of balanced

scholarship and useful fingerings, so I highly recommend it to anyone.

Beethoven's Complete Pianoforte Sonatas, edited by Harold Craxton, are published within the 'Signature' Series, a series of authoritative performing editions of standard keyboard works, prepared from original sources by leading scholars. Includes informative introductions and performance notes.
