The book arrived in good condition. I had lost my previous copy and now I can continue to play the two sonatas I have learned. They are a welcome change from the Bach inventions that occupy my piano time most often. 0 of 1 people found the following review helpful. Four Stars By

A fine assortment of Beethoven's works comprises this collection including bagatelles, dances and sonata forms. Dr. Palmer's introductory material emphasizes Beethoven's use of pedal, rubato, ornamentation and articulation with an especially fascinating look at legato in the composer's keyboard music.
