**Harry Lorayne : Before I Forget** before purchasing it in order to gage whether or not it would be worth my time, and all praised Before I Forget:

This is the worst autobiography I've ever read!!!! This is a re-hash of snippets of biographical information he's told in his various

books over the years and not very forthright. There is no doubt that Mr. Lorayne (Not his real name by the way) is a Prolific Magician, Memory Teacher and in the words of the late Paddy Chayefsky the greatest Expository Writer of the 20th Century - I have to give the man his props!!!! But if your gonna tell a story about yourself tell the TRUTH!!!! DON'T GLOSS OVER STUFF! BE HONEST. The biggest thing is that it wanders all over the place and I hope that Mr. Lorayne is not going senile.
