James Stark : Bel Canto: A History of Vocal Pedagogy before purchasing it in order to gage whether or not it would be worth my time, and all praised Bel Canto: A History of Vocal Pedagogy:

0 of 0 people found the following review helpful. Great book!By Cissy MaxwellExcellent overview of the history of bel canto vocal technique, very complete and informative!2 of 2 people found the following review helpful. Clear, informative, well researched, engaging ..I'd highly recommend reading itBy Greta J BradmanClear, informative, very well researched and made clear the interrelationships between different schools of thought and the evolution of vocal pedagogy. As a 30 year old opera singer, I couldn't recommend this more highly to other developing artists.2 of 2

people found the following review helpful. A must-have for voice teachers and serious singers
By Patricia Shanks
Those who would continue the tradition of beautiful singing owe it to themselves to include this book in their libraries. detailing the early days of Bel Canto and the findings of the first great masters, through the modern day and incorporation of science into the art and study of singing, this well-researched manual is chock-full of informative and enlightening historic facts. In spite of its 'all facts and no fluff' content, the book is an easy, pleasing, entertaining read.

In this well documented and highly readable book, James Stark provides a history of vocal pedagogy from the beginning of the bel canto tradition of solo singing in the late sixteenth and early seventeenth centuries to the present. Using a nineteenth-century treatise by Manuel Garcia as his point of reference, Stark analyses the many sources that discuss singing techniques and selects a number of primary vocal 'problems' for detailed investigation. He also presents data from a series of laboratory experiments carried out to demonstrate the techniques of bel canto. The discussion deals extensively with such topics as the emergence of virtuoso singing, the castrato phenomenon, national differences in singing styles, controversies regarding the perennial decline in the art of singing, and the so-called secrets of bel canto. Stark offers a new definition of bel canto which reconciles historical and scientific descriptions of good singing. His is a refreshing and profound discussion of issues important to all singers and voice teachers.

'Bel Canto is an extraordinarily well written, carefully researched, and meticulously documented work that demonstrates the author's vast knowledge and mastery of historical and current pedagogical literature. Uniquely authoritative, highly informative, it is a monument in its field and highly recommended to all students of singing.'
(Richard Dale Sjoerdsma *Journal of Singing*)
In *Bel Canto: A History of Vocal Pedagogy*, Stark has brought together the worlds of voice teacher, laryngologist, and acoustician in a highly readable and informative resource. Never before has this information been more accessible. This is a treasure trove for all those interested in the human voice, and helps them to 'reason why' -- with specific information, old and new.'
(Darryl Edwards *University of Toronto Quarterly*)
About the Author
James Stark is a singer, vocal instructor and musicologist, with a lifelong interest in vocal pedagogy. He has taught for the last twenty-five years at Mount Allison University in New Brunswick.
