You will have to study the CLB for a couple weeks for this to help in your Blackjack strategies. Great book for anyone interested in improving their game. Have no clue why some of the negative reviews. Don't think they took the time to study and try some of the strategies. I would recommend this book as a good read for any serious players. 0 of 0 people found the following review helpful. This really works! By Customer I have used the techniques described in this book in Vegas and some other Midwest casinos. The only time that I struggle is when I go to a table without a sufficient bank roll. This is a wonderful way to play and ENJOY playing blackjack. I highly recommend this book! 0 of 0 people found the following review helpful. Great Book By James Dart Followed the strategies and won 2 times I went to Vegas. Only \$400 each time, but it paid for my trips.
