However, squares too small and the paper quality not helpful when erasing.0 of 0 people found the following review helpful. Didn't like itBy CucaI have bought a lot of Sudoku advanced books and consider myself an advance player. This book disappointed me. A lot of the puzzles in the book can not be finished without looking at the solving page section. You can find a couple of numbers on the puzzle and then you are stuck. I willNot be buying more books from this collection.0 of 0 people found the following review helpful. Great book with very challenging puzzlesBy NoreladimBought this for my wife, who has been doing advanced Sudoku puzzles for over twenty years. She says the puzzles in this book are really (really) challenging (which is a good thing according to her).

For diehards only! These incredibly difficult puzzles are handcrafted for the sudoku warrior who dares to go where other solvers fear to tread. So, if you're armed with the highest-level strategies, get ready for the most satisfying fight your life.
