Sudoku puzzles have been very popular for some years now. They most often involve the use of numbers 1-9. Using letters instead of numbers, as in this book, makes solving these puzzles more of a challenge and much more interesting. A little guesswork as to the names in the shaded squares would provide one with more clues to work with.

Your quest here is to find the names of people/places in the Bible and read all about them in the Bible. Anyone old enough to work out a normal Sudoku puzzle will find these puzzles riveting and enjoyable

About the Author Louise Rapose Rodrigues was born and brought up in Santa Cruz, Bombay, India, a parishioner of Sacred Heart Church. She did her schooling at St Teresa's Convent and Sophia College. She has worked as a flight attendant for 33 years with the National airline. She has always loved solving puzzles and crosswords like her parents who were cryptic crossword fans. She enjoyed creating puzzles and games for her daughter's birthday parties and later, Bible puzzles for parish group socials and picnics. She has 3 Bible Puzzle books published in India. You could say she loves The Word made flesh (Jesus), 'The Word of God' (The Bible) and playing around with words in general, which inspired her to write these books.
