Ken Casey : Bidding More Precisely before purchasing it in order to gage whether or not it would be worth my time, and all praised Bidding More Precisely:

This book is designed to highlight the advantages and disadvantages of the 3 major bidding systems: Standard American, 2/1 and Precision Club as well as the Bergen Raise system. Solutions are offered for each disadvantage.

Proposals for additional conventions such as the Weak Nt and Jacoby transfers are contained in a model simplified chart of each system. There are also innovative proposals for showing a 5-card major, overcalls and slam bidding. You will also find chapters on the various conventions, irregularities in bidding, probabilities, filling out the convention card, playing in a team event and scoring.
