Kids love magic. They love to see it, and they love to do it. Enter Joshua Jay, who started doing magic when he was 7 and was named champion at the World Magic Seminar (the Olympics of magic) by the time he was 16. His *Big Magic for Little Hands* is packed with 25 astonishing illusions for kids ages 7 and up. In other words, its sleight of hand for the small of hand. These are tricks that require little prep time and dexterity yet are guaranteed to deliver a big payoff. The large format, oversized ext, and black-and-white vintage-style illustrations make *Big Magic* particularly easy to follow and kid-friendly. Heres how to levitate your sibling several feet off a bed. Escape Houdini-like from tightly bound ropes. There are also impromptu effects that can be performed anytime, anywhere, like Spook-Key, in which an antique key mysteriously rotates in your hand. Each easy-to-perform feat is clearly illustrated with step-by-step drawings and accompanied by insider tips. Joshua Jay is a master who guides his apprentices through every aspect of the magicians art, from the first steptaking the Magicians Oath to how to minimize nervousness (Rule #1: Rehearse. A lot).
