Djape : BIG Picross Griddlers Nonograms Hanjie before purchasing it in order to gage whether or not it would be worth my time, and all praised BIG Picross Griddlers Nonograms Hanjie:

2 of 2 people found the following review helpful. Having a great time!By intal go through stages of different sorts of puzzles. I am loyal to DJAPE because his are always great quality, and so is the paper! I am really enjoying these puzzles....hanjie, griddlers, whatever: I love the big ones. The pictures are really interesting, and while at first I wondered if I liked having a clue, I discovered that my concept of dragons, for instance, was quite different to the puzzle's solution. This actually makes things more intriguing....I have several of DJAPE's latest sudoku variants in my stash, too. I know Ill get back to them when I run out of these ones!2 of 2 people found the following review helpful. I Love itBy M. KeeseeMost fun puzzles ever, and really challenging. Can't wait for more. I need nine more glowing words of praise. This is why I hate writing these reviews.0 of 0 people found the following review helpful. Four StarsBy Kimberlylove these book! just wish they were on spiral!!

Having published several picture puzzles books with small and medium sized grids, this time Djape has created a collection with slightly bigger images. A majority of puzzles in this book are either 30x30 or 40x40 squares in size, with a few bigger ones, such as 45x45 and 50x50. Oh... also, this time, the images were created by my Mom! Thank you Mom! :) _____ griddlers book, nonograms book, picross book, oekaki book, hanjie book, paint by numbers book, paintdoku book, pic-a-pix book, griddlers, nonograms, picross, oekaki, hanjie, paint by numbers, paintdoku, pic-a-pix, best griddlers book, best nonograms book, best picross book, best oekaki book, best hanjie book, best paint by numbers book, best paintdoku book, best pic-a-pix book

About the Author DJAPE is the author of more than 50 puzzle books and some 17 puzzle games for Kindle, ranging from Sudoku variants such as Killer Sudoku and Samurai Sudoku to Kakuro, TriDoku, Hidoku, CalcuDoku and Picross/Hanjie/Griddlers/Nonograms puzzles. Also, Djape contributes regularly to newspapers and magazines across the globe, including The Washington Post. Currently Djape is working on his PhD thesis in Computer Science. Likes sailing, dancing tango, horseback riding, playing bridge and traveling.
