Large numbers squares make it easy on our vision.0 of 0 people found the following review helpful. Not Easy SudokuBy Okoboji Swimmer2 problems with this book. First, the answers were quite small and hard to read. Second, the puzzles were not easy at all. Something was wrong with the answers. I suspect they were not the one answer type. I enjoy easy and medium Sudoku. I threw this book away without finishing it.0 of 0 people found the following review helpful.
