If this book were to be published today, I am sure that there would be law suites. Lots of accusations with little back up.0 of 0 people found the following review helpful. The Real Chinatown story!By mare&amp;amp;murphDo you want to know the "real" story about Los Angles? Read this! My dad gave me this 40 years ago and when I saw the film "Chinatown" it was this story and more. I loaned the book and finally relocated thru and guess what? The used book was my Dad's long lost copy!

A neat vintage first editon. has a bookplate from a special collections department - de aquisitioned. And the name/autograph of a semi-famous California collector - William Claypool, III.
