Doug Walsh, BradyGames : BioShock 2 Signature Series Guide (Brady Signature Series Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised BioShock 2 Signature Series Guide (Brady Signature Series Guide):

Even Bioshock 2 (which was a shallow game compared to the first) shines on this material. The layout is similar to the Bioshock 1 book: You have a page that shows a picture and explains about the current scenario. Then you get a mini map and a full detailed walkthrough of the scenario followed by pictures and clues for the best strategy based upon what type of enemy you will encounter and also on how the scenario is based. The book is very colorful and has tons of great information. A must for all Bioshock fans. Even for this title that it is weak but still part of the Bioshock universe.10 of 10 people found the following review helpful. A good guide from BradygamesBy LuluThis is a pretty

good guide from Bradygames. The walkthrough has proven to be quite useful in finding some of the hidden items (just check it before leaving an area, because you can't go back!). I also enjoyed reading the character profiles, audio diaries, etc. The only criticism I have is that too many pages/callouts have light type on dark pages -- a common Bradygames choice, but very hard on the eyes. If you're a completist, enjoy story background or need a little help now and then, then won't regret the purchase. 0 of 0 people found the following review helpful. Great guide to the Bioshock world. By albionphoto I've reviewed Bioshock 2 elsewhere. I'm not the greatest fan of the game but the guide was very helpful. As usual it has all the maps and hints you'd ever need to complete the game and adds to the experience by enabling you to thoroughly explore and exploit the return to Rapture. Highly recommended for those who like to get the most from their games.

Set approximately 10 years after the events of the original BioShock, the halls of Rapture once again echo with sins of the past. Along the Atlantic coastline, a monster has been snatching little girls and bringing them back to the undersea city of Rapture. You are the very first Big Daddy as you travel through the decrepit and beautiful fallen city, chasing an unseen foe in search of answers and your own survival. Get in the Dive Suit! Step into the shoes of a Big Daddy and use this guide to explore the ruins and uncover the secrets of this once great underwater metropolis. Use the information gathered within these pages to locate power-up machines, find Little Sisters, and punish the deadliest foes in Rapture. Equip Big Daddy Weaponry! Rev up your Big Daddy Drill, blast your enemies with the Rivet Gun, and lay waste to Splicers with the vast array of Plasmids and Tonics at your disposal. Put Rapture's Residents to Rest! Discover the backgrounds, strengths, weaknesses, and bonuses for researching the dark city's gene splicing denizens. Join the Battle for Rapture!
