You will learn more than you ever wanted to know. Very nice illustrations. 0 of 0 people found the following review helpful. Valuable guide for Bioshock By albionphoto Brady Games have published a lot of game guides over the years. I've found them useful and informative. The maps are clear but the real value is in the descriptions and hints to find hidden items such as safes and routes to game areas. Bioshock has some puzzle solving aspects and which are well explained in the guide. It also shows the

order in which tasks should be completed which allows the player to concentrate on the fun parts and develop the game character in a way to make the increasingly tough monsters easier to deal with. It really does help you play the game for the first time. 1 of 1 people found the following review helpful. late to rapture, good game guide By Robert M. Baird I am a slow adopter, because my primary computer is a fairly elderly but upgraded Mac Pro, not the first choice for gaming. On my wife's windows laptop, I bought Bioshock and the related Brady Games walkthrough. Although there are freebies on the internet, this is a comprehensive and helpful guide. Some people disdain walkthroughs. I admit I sometimes wander ahead of the guide and explore. The game itself is outstanding and rewards close attention, but I believe the Brady Game walkthrough adds to the experience.

Can You Survive a Madmans Utopia? You are a cast-away in Rapture, an underwater Utopia that has been torn apart by civil war. Caught between powerful forces, and hunted down by genetically modified splicers and deadly security systems, you have to come to grips with a deadly, mysterious world filled with powerful technology and fascinating characters. Comprehensive Walkthrough Horror is waiting around every corner; use this guide to survive unscathed. Learn how to fend off the Splicers, bring down the Big Daddies, and overcome the lunatics that populate the underwater metropolis of Rapture. Illustrated Maps Discover the best route to each of your objectives and learn the location of every safe, secret, and enhancement that this strange world holds. Evolve Today Uncover the secret powers of plasmids and unlock your genetic potential. With these genetic mutations you can shock, freeze, and incinerate enemies, use telekinesis to move objects, and enrage foes to make them fight against each other. U-Invent Use our guide to create valuable upgrades to all of your weapons. Exclusive Foldout An exclusive poster features art from the game and a full list of Xbox 360 achievements on the reverse.
