This book provides a nearly flawless walkthrough for the entire game and, although most of it was pretty simple to figure out, the guide came in great use for those really tricky sections of the game. Also the guide provides info on every item, so you won't miss anything in the game. A must companion for the Playstation 2 game!0 of 0 people found the following review helpful. good bookBy floyd helvieNice and happy0 of 0 people found the following review helpful.
