**Hal Leonard Corp. : Blues Guitar Songs - Book with CD** before purchasing it in order to gage whether or not it would be worth my time, and all praised Blues Guitar Songs - Book with CD:

7 of 7 people found the following review helpful. Fantastic Intermediate bookBy BrianI've been playing for over 20 years, but without a lot of discipline or guidance. I'm working through this book now with a teacher, and am making more progress than ever before. It is taking me from knowing a few bar chords to knowing classic open chords and fingerings I simply could not have done before. I imagine this book would be very tough for beginners, and I don't recommend it for someone just starting out. But, if you already know a few chords and can noodle around well enough, this book can build a more solid foundation for you. And I can't believe how cheap it is with the CD!!! Get it, you'll love it!0 of 0 people found the following review helpful. Five StarsBy D. AdamsA good guide to some classics.0 of 0 people found the following review helpful. Explains wellBy Daniel W. BeyerVery happy

(Guitar Method). Standard notation and tablature for 10 complete songs by artists including Eric Clapton, B.B. King and Stevie Ray Vaughan.
