I got the studio version with the spiral binding which I love and recommend, the pages lay flat and you can put it on a music stand without the pages trying to turn back.1 of 2 people found the following review helpful. Great book, but not the one I wanted.By Brian MyersExcellent TAB, and accurate. I ordered a Bob Seger book specifically for "Travelin' Man and "Beautiful Loser", neither of which are in this book, although they were listed in the contents in the blurb of the book That I ordered.5 of 6 people found the following review helpful.
