**From Heritage Music Press : Body Electric 2.0: A Symphony of Sounds for Body Percussion** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Body Electric 2.0: A Symphony of Sounds for Body Percussion:

0 of 0 people found the following review helpful. Great follow up book to Body Electric By Genny Holmes Great follow up book to Body Electric, which I've used for years! Glad to have some new material. Thank you, Mark Burrows.

"Body Electric 2.0" adds vocal percussion and mouth sounds to this already winning combination. Grooves and other rhythm activities are accessible, educational, and wildly fun. Suggested forms are provided for each piece, allowing

you to make them into performances for a breath of fresh air at any concert.
