I looked through it prior to wrapping, and it has cute facts about being 30, as well as stories on where celebrities were when they were 30 (I guess that celebrity section is supposed to make us feel better about ourselves if we haven't conquered the world by 30? :o) Cute gift idea. 1 of 1 people found the following review helpful. Everyone loved reading it and also it serves as a great way to replace a typical birthday card.
