Doug Walsh, BradyGames : Borderlands 2 Signature Series Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Borderlands 2 Signature Series Guide:

VaughnI know there was a review that said that the person could not find whatever quest they wanted, and that there was no index. I am here to refute that entirely. In the book, there are various sections. You just have to understand where to look.The first section is about each of the individual character classes (Except the newly released Mechromancer). Next comes a walkthrough of the story-only quests (The short way through the game.) This is the one place where you have to know where you are in the game, but even then, it's not hard to figure it out. Each set of pages covers an area, and the story quests therein. It also gives you the side quests available, and any additional challenges when completing quests. (Don't take damage, kill characters in a certain order, etc)As for the other quests, (Side quests), there's an entire section on those, and they're in alphabetical order by the name of the quest. Very easy to find what you are looking for, and no

index needed. Additionally, the bestiary shows each creature you will encounter and gives you what the individual resistances and weaknesses are. Very helpful if you're like me and spend a good amount of time on Needle Stalkers using fire, only to find out you should be using electricity. Honestly, for all of that, it's so very helpful, and makes it worth it. So why the 4 stars? Because if you like the game enough to buy the guide, you've also probably bought the season pass, but there's no upgrade plan for info on, say, the Mechromancer or any of the expansion packs. Would have been a good option for customers...0 of 0 people found the following review helpful. The maps of the locations are clear and easy to use By krskiff Contains everything you need to know about the game. It guides you through every main quest and sidequest in the game, and it helps you complete every badass challenge. The maps of the locations are clear and easy to use. It does not contain any information about anything from the DLC. No Gaige, No Krieg, no guides to any of the four story DLCs. 0 of 0 people found the following review helpful. BradyGames Borderlands 2 Signature Series Strategy Guide includes the following: Shoot, Loot Joy Puke Your Face Off! Crimson Raiders Path of Most Resistance - A complete walkthrough of the main story, featuring maps for every area, collectible locations, expert tips from the development team at Gearbox, and an A-to-Z index of all the optional missions. Marcus Munitions Monthly - The massive Borderlands 2 arsenal is described as only Marcus could with expertise and snark! Its all here: damage calculators, weapon generation, the specialties of each manufacturer, and choosing the best weapon for your class. Plus, coverage of black market items (SDUs), class mods, relics, and more! Sir Hammerlocks Almanac of Pandoran Beasts - A bestiary of all creatures, big and bigger, in Pandora. Sir Hammerlock imparts his insights and observations including a symposium on each species and mob family. Spawning locations, critical hit diagrams, likely drops, and loads of valuable stats! Hyperions Most Wanted - A breakdown of all four classes. Get to know each character's personality and history, as well as the special abilities, skilltrees, and possible builds for solo play and co-op roles that will make your Vault Hunter unique. Claptraps Secret Vault - A quick reference to all challenges and Achievements/Trophies, along with a customizable heads gallery. Plus secrets! About the game - Borderlands 2 follows the story of four new Vault Hunters as they fight to free Pandora from the clutches of Handsome Jack, the brilliant, charismatic, and utterly despicable CEO of the Hyperion Corporation. Players will fight across the whole of Pandora to stop Jack from awakening an ancient alien evil known only as "the Warrior." Their quest will bring them into contact with some familiar faces from the old game- most notably, the original four Vault Hunters: Roland, Lilith, Brick and Mordecai. They, along with some brand new characters, will help players defeat Jack, destroy the Warrior, and save Pandora.
