BradyGames : Borderlands: The Pre-Sequel Signature Series Strategy Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Borderlands: The Pre-Sequel Signature Series Strategy Guide:

0 of 0 people found the following review helpful. Five StarsBy Roger HeflinGreat4 of 5 people found the following review helpful. Skip it, better information can be had online (if you put some effort in)By evo4g63tIn a world where you can get gaming information and guides online for free you'd think that visual gaming guides would try their best to

make a great guide but alas this is an absolute failure. As a person who owns the Borderlands 2 GOTY guide from Brady Games this book is just terrible and I am actually shocked that it made it to print. Where to start? - Mission rewards are wrong, I can't recall the specific mission but the book claims green weapons when you actually get blue weapons. - looking to get those bad ass rewards and want some guidance? Forget it. The book will tell you about them but won't give you squat on where or how to get them. Example: The Pickle posters that you need to deface to get the points simply states in the book. "An amusing challenge available in this area is to find and deface the Wanted posters for Davis Pickle. Five are posted in the regions you travel for this mission." - Unlike the BL2 GOTY guide the vault symbol locations are its own separate section meaning you have to flip back and forth if you want to find them all during your gameplay. In the BL2 book it is merged nicely into the walkthrough. - The index of the bad ass points might be somewhat useful but certain tasks that would require more information to a gamer is absent. For example, "Kill poop deck before the Skipper does. Appears in Intelligences of the Artificial Persuasion." No explanation is provided on how to actually do this. - Many of the BA points are one shots during playthrough and since the book provides nothing about them directly in the walkthrough you'll more than likely miss these points because you weren't aware of them until after the fact. - There is a digital guide provided but it's pointless since it doesn't get any updates to address these issues. - As previous reviewer has posted it hints at discoveries in the game but doesn't deliver anything. No one wants to pay for a book that just teases and doesn't actually provide information you are looking for. That being said there are a few perks to this book: - the maps are good - some of the battle tips are helpful and the breakdown of the 4 characters is excellent (though there are 6 now) - the walkthrough does work even though it's vague and inaccurate at certain points (such as the rewards of doing a mission). 0 of 0 people found the following review helpful. A Decent (and Attractive) Foray into a Lunatic-Filled Land... By KBC There are a lot of things that I would alter about the BradyGames format for the arrangement of info (especially indexing)... but their method always tricks me into discovering something that I didn't know I wanted to know. Lots of pretty pictures and lots of excellent maps.

Shoot n loot your way through a brand new adventure on Pandora's moon this Borderlands: The Pre-Sequel Signature Series Strategy Guide covers all the lunar action! Complete walkthrough of the new adventure, featuring tactics for defeating the bosses. Get to know your weapons and equipment, including exciting new additions like jet packs, ice and laser weapons, and lunar vehicles. Maps identify the precise locations of all quest points, chests, and hard-to-find collectibles. Comprehensive bestiary provides vital stats, critical hit areas, resistances, and locations for all enemies and creatures. This Borderlands: The Pre-Sequel strategy guide receives our signature series treatment, featuring a premium cover and more, making this a must have for any Borderlands fan! About the Game This story unfolds between Borderlands and Borderlands 2, chronicling the rise to power of the series primary foe, Handsome Jack. All of the action takes place on one of Pandora's moons. This new, gravity-challenged environment boasts a host of unique creatures, guns, and opportunities for loot!
