1 of 1 people found the following review helpful. Great job. By Don G. Ovanni This compilation of the Bottesini concerto #2 is a great way to practice this piece. The tempos are well within playing ability, and the soloist is very competent as well. The orchestra accompanies with good taste throughout. The music is done on grade A paper and easy to read. Although some of the music was difficult to read due to awkward page turns where the music was in the midst of a fast passage. But it's five stars nonetheless. I recommend it.

19th-century Italian composer, conductor and master of the double bass Giovanni Bottesini created this magnificent concerto for the instrument, a classic in the literature.
