David Bowie did not die on Jan 16, it was Jan 10. This is sloppy writing and/or editing and calls into question everything else in the book. Bowie himself would never release material that was not perfect why this author chose to publish this with so many errors is disrespectful to him. 4 of 4 people found the following review helpful. Found this book on Urban Outfitters for about the same price- but of course they don't offer Prime shipping so I bought it here instead. Adorable book, full of info my Bowie-obsessed friend had never heard. Gift well-bought! 4 of 4 people found the following review helpful. A celebration of the unparalleled impact of cultural icon David Bowie. This decidedly not-for-kids illustrated AZ, celebrates the many faces and facets of David Bowie. From Aladdin Sane to Ziggy Stardust, Bowie AZ is densely packed with everything you need to know about the rock legend from the greatest hits of trivia to the most obscure B-side facts. Bowies extraordinary cultural significance was highlighted by the worldwide outpouring of love following his tragic passing in January 2016. A huge influential source to many in the fields of music, art and fashion, David Bowie towers as a cultural figure of the twentieth (and into the twenty-first) century. Celebrate his enormous life in this fun, pop-cultural book.
