Thinking of the three B's is a good nemonic device to enable one to always rememberBy James ClayBrahms is a part of the triumvirate of the three B's - Bach, Beethoven, and Brahms. Thinking of the three B's is a good nemonic device to enable one to always remember, not only Brahms, but Bach and Beethoven also.0 of 0 people found the following review helpful. Beautiful Edition!By P.G.I'm surprised that Dover published such a stunning edition. The type is clear and easy to read and the paper is beautiful. For not much money, you get something that almost vies with the quality of a Henle Urtext. There isn't any fingering, however, and that could be a good or a bad thing.0 of 0 people found the following review helpful. Excellent condition.
