I bought this for a loved one who is physically disabled and has a vision ...By PeriwinkleI bought this for a loved one who is physically disabled and has a vision impairment. I asked them how they were getting along with it and they said they're enjoying it very much. One of the things they really like about it is that while the harder puzzles give them a good challenge, even the easier are challenging enough to make them interesting. This person usually works on one puzzle a day and mixes this book in with some others, resulting in them finishing two or three of these a week so with over 300 puzzles this book will keep them entertained for quite some time to come.0 of 0 people found the following review helpful. Best so farBy elaineMy favorite Sudoku book so far! The print is large, one puzzle per page, but not too too large like some books I've had. And it's two books in one, will last me a couple of weeks. Spiral binding is great as you can lay each page flat. Paper good quality - doesn't smudge when you erase.0 of 0 people found the following review helpful. GreatBy William D. FullerJust what I expected and bed.wanted and described.

Includes 384 pages! Build your logic and problem-solving skills--and have fun along the way--with this mammoth collection of sudoku puzzles! This collection brings together two complete large-print sudoku books, providing a grand total of more than 320 sudoku puzzles. Three levels of difficulty will keep puzzlers of all experience levels busy for hours on end. Since each puzzle is spread out on one full page, solving these puzzles will be easy on your eyes--but not on your brain! Spiral binding allows for easy puzzling, whether at home or on the go.

About the Author For almost 20 years, Publications International's Brain Games has been the go-to name for puzzle book and magazines that are both entertaining and mind building. Based on the recognized science that games train your brain to think quickly and creatively, BG puzzles cover all bases: logic, word puzzles, cognition, spot the difference, and more.
