**Patrick J. Mehaffey : BrainMazes: 30 Hand Drawn Mazes Vol. 1 (Volume 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised BrainMazes: 30 Hand Drawn Mazes Vol. 1 (Volume 1):

2 of 2 people found the following review helpful. Vitamin for your brain. Worth the time and satisfaction of figuring out these mazes. Super impressed! By J Rod These mazes really really detailed. Get ready for some brain work! My 13 year old did the first one, he didn't think he could do it. They are really intense but when he finished the first one, he was so proud and felt accomplished. I felt the same way and realized I need more stimulation like this in my life. When everyday life hurts your brain, you need this to restore it. I didn't think I would enjoy it as much as I did. We live in a really hot place so mid-day outdoor activity is out during these hot summer days but I hate sticking my teen on electronics and in front of the TV. This is perfect for an indoor activity that will actually improve minds instead of melting them with electronics/video games. Perfect for developmental skill OR for keeping at your desk and looking productive. Your call. It may actually improve your productivity! Can't beat the price for this many mazes. 3 of 3

Chuck Norris gives it 2 round house kicks up!By Stephen WolvertonChuck Norris has respect for 3 things:1: Chuck Norris2: Bruce Lee3: BrainMazesKa-pow!!2 of 2 people found the following review helpful. uniqueBy Austin Howardthese mazes are no joke. one took me 25 minutes to complete. beautifully laid out and unique, nothing else out there like it. the mazes get increasingly difficult as you go along. I feel like I accomplish a mission when I complete one, well done.

BrainMazes is a collection of 30 hand drawn mazes, but these aren't your children's mazes. Grab your pencil and eraser (you'll need it) because each 8.5" x 11" page packs one of the toughest mazes you'll ever encounter. What started out as a childhood hobby has become your challenge to see if you have what it takes to be a BrainMaze champion.

From the AuthorThese are tough Mazes geared towards Adults and teens. Every maze in the book (30) is hand drawn on an 8.5"x11" page. They are all of an intermediate to advanced level.
