Brian Senior : Bread and Butter Bidding (Maxwell Macmillan bridge series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bread and Butter Bidding (Maxwell Macmillan bridge series):

1 of 1 people found the following review helpful. Fun bookBy quilterWe're by no means experts, but my partner and I have found this book fun and easy to understand. The chapters are short (only a few pages) and end with quizzes to reinforce the lessons.

A beginners' book that aims to provide the reader with a deeper understanding of the auction at bridge. Written by an experienced bridge teacher, the book contains many test-yourself problems to aid learning. It concentrates on the fundamentals without baffling the reader with an excess of science.
