Kenji Matsumoto : Breaking the Game before purchasing it in order to gage whether or not it would be worth my time, and all praised Breaking the Game:

5 of 5 people found the following review helpful. Secrets to Becoming a Top SCRABBLE PlayerBy Cornelia GuestKenji Matsumoto, one of the top-ranked SCRABBLE players in the world, has written a remarkable book. Addressing both newer players and seasoned tournament goers, Matsumoto shares ways to win SCRABBLE games in easy-to-understand language. The book is filled with many charts and quizzes to clearly illustrate his points and test the readers understanding. What makes this book particularly interesting is its approach to improving at SCRABBLE. Matsumoto explains not only basic SCRABBLE strategy, but also strategic concepts that are usually only used by experts: tile evaluation, equity formulae, volatility, fishing, and endgame planning. Although there were some slight errors in the early edition I read, these were negligible to the enjoyment of this outstanding book. Near the end Matsumoto recommends readers continue to his next book, Words of Wisdom. I look forward to its publication.0 of 0

people found the following review helpful. ImpressedBy BrandyMorganI have not read the whole book but I do like what I've read so far. There is so much more to scrabble than I ever realized. This book helps out a lot.0 of 0 people found the following review helpful. Five StarsBy Michael StevensOutstanding analysis of advanced Scrabble strategy.

Unlike other books, Breaking the Game focuses on Scrabble strategy. From learning and finding words to tactics such as leaves and endgame, Breaking the game will help you develop the strategy you will need to win at Scrabble! Written by one of the top Scrabble players in the world, this book will help players of all levels improve their Scrabble strategy. Whether you're a Scrabble fanatic who plays every day or a Scrabble novice who just loves to play, this game will teach you the strategy tools you need to win!
