**David Bird : Bridge Cardplay Made Easy: A Textbook for Bridge Classes** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bridge Cardplay Made Easy: A Textbook for Bridge Classes:

2 of 2 people found the following review helpful. Good Declarer Play Book By Joe V. This is an excellent low intermediate, high novice level book on declarer play. It has 18 chapters including 5 quiz problems for each chapter. The solutions indicate why certain strategies could fail and why certain lines of play have a better chance of making the contract. I recommend that you complete introductory texts on both play and defense before reading this book (such as those by Edwin Kantar, Audrey Grant, or Caroline Sydnor). If this is your first declarer play book, the going

may be a little rough. Something I did not know was whether a 4-1 split in one suit has a higher probability than a 6-2 split in another suit. Although this choice doesn't occur that often, Bird shows you how to remember which is best.
