Samir Riad : Bridge Game Summary: easy reference and game companion before purchasing it in order to gage whether or not it would be worth my time, and all praised Bridge Game Summary: easy reference and game companion:

0 of 0 people found the following review helpful. Maybe good for someone who has never player ANY cards but ...By KabibblesVERY basic, too basic. I thought it would be more for players who had some experience but it actually goes over how many cards are in the deck. Maybe good for someone who has never player ANY cards but bridge is not for a beginner card player.3 of 3 people found the following review helpful. Concise and fluff-freeBy recrea8ionThis book is perfect for people like me. I know how to play but am not an expert and don't always remember the more

complicated details. This well designed book gives me all the info I need concisely and clearly. I like to flip through it as a quick refresher before playing. The chapter titles on every page, the full color design and use of tables make it quick to locate the info I need. The chapters on playing and conventions make a great discussion guide with your partner to advance your game to a new level. 4 of 4 people found the following review helpful. Excellent follow on book to break down basics of Bridge. By 4hennessys Bridge Game Summary is the only book that I have found that can bring anyone new to the game of Bridge up to speed quickly. The author's writing in clear English lays out the basics of the game and the charts are an excellent reference guide. It took the complexity and fear out of learning and has now given me the tool to take my game to the next level. I can't wait to read his first book.

Bridge Game Summary Easy reference and Game Companion Combines the easy reference of color tables with a brief explanation of how to play the game. It's the best of both worlds for beginners and casual Bridge players alike. Need help bidding? Or, responding to a bid? Just check the "bidding" section. Want to know what card to lead? Check the "play the hand" section. Need a reminder of the most popular Bridge conventions? They're all there where you need them. Need to know how to write the score and how many bonus points are awarded for a grand slam? Check the "keeping the score" section. Bridge Game Summary explains the Bridge Game in a brief and easy to understand way.
