Everyone believed that when Victor Mollo died, the chance of any more books featuring the Hideous Hog, the Rueful Rabbit and their friends died with him. Now, many of Mollo's later Menagerie articles have been turned into book form by Robert and Phillip King, co-authors with Mollo of *Winning Bridge in the Menagerie*. The reader will recognise many of the characters from their own bridge experiences. Walter the Walrus is still wondering why his points are not as good as anyone else's, Karapet, the unluckiest man since Job, savours every piece of bad luck, and Papa continues to dazzle and deceive, even if it is usually his partner that is misled.

About the Author Victor Mollo, born in Leningrad, was a journalist and became one of the world's most successful bridge authors. His menagerie series has received worldwide acclaim. Robert King is a keen amateur player and a professional playwright. Both he and Phillip King wrote *The Kings' Tales* and *The Hog in the 21st Century*.
