**From Taschen : TASCHEN's 100 All-Time Favorite Movies** before purchasing it in order to gage whether or not it would be worth my time, and all praised TASCHEN's 100 All-Time Favorite Movies:

1 of 1 people found the following review helpful. EngrossingBy smartyantsBought this for a movie lover who literally read the whole set of two books in one sitting. He could not put it down. Taschen is nice for an international perspective, not just the ordinary Hollywood critics. These books contain great photos, including behind the scenes pictures, along with filmographies about each of the movies. Very interesting.1 of 2 people found the following review helpful. Must Have for Film BuffsBy Alex DyerLove all the Taschen Guides and if you are a film buff like I am then all of these guides are a must have.1 of 6 people found the following review helpful. Great movies chosen- poor quality to read, TASCHENBy Easy RiderThis two-volume set is very good looking, the movies are well chosen, and for the most part, the commentaries for each movie are very informative and insightful. I take exception to the white print on a black background throughout the books.The publisher Taschen may think it looks elegant, but it forgets that these books are to be read, not just be used as decoration for a coffee table. It is annoying how difficult it is to read these books, which takes away from the joy one should have when reading about these movies.Why were not the books printed with black ink on a white background? It would have been a much better choice, and less expensive.These books are not mere decoration. People read them, too!

Favorite flicks: Our choice of must-see masterpieces

"Well-researched, encyclopedic, full of fascinating facts and an ideal present for silver screen enthusiasts." (The Sunday Post, Dundee)"About the AuthorJrgen Mller has worked as an art critic, a curator of numerous exhibitions, a visiting professor at various universities, and has published books and numerous articles on cinema and art history.

Currently he holds the chair for art history at the University of Dresden, where he lives. Mller is the series editor for TASCHENs Movies decade titles.
