I would love my daughters to read it.26 of 27 people found the following review helpful. What not to doBy Steve and/or JodeneUnlike some of the other reviewers here, I was completely unfamiliar with Carolyn Hax before reading this book. Here, she comes across as wise, witty, funny, realistic--and yes, a bit unapologetically preachy and moralistic, but in a good way. There's good advice here for any woman or man whose love life is less than 100% satisfactory. It's mostly obvious, common-sense type stuff, but there are plenty of people who need to hear it. (And yes, I found a couple of words of wisdom here that I personally need to take to heart.) This

is the kind of advice that your best friends would give you, if they were smart enough to see it and foolish enough to risk offending you. 1 of 1 people found the following review helpful. Five Stars By KKFine. Just as advertised.

As an advice columnist for The Washington Post, Carolyn Hax has gained a fanatically loyal following in print, online, and over the airwaves with a very direct, humorous take on matters of the heart. As the number of people seeking her advice surged she began to notice certain recurring dilemmas and snags in the accounts of affairs gone wrong. As she puts it, "The letters I receive form a virtual catalogue of the most counterproductive ways to interact with other human beings. Not just romantically either; platonically, too, and professionally, parentally, and every- otherly." With this in mind she has put together a handbook of some of the most common mistakes made during the pursuit of love. Some of the Don'ts:- Be desperate, seem desperate, or even stand next to a desperate person without a protective suit- Start sentences with, "I'm the type of person who..."- Shop online- Scan the room for better prospects while we're talking to you- Stockpile porn- Have sex before you mean it- Rule out the possibility that you might always be single- Look for love- Read relationship books
