James Cameron, William Wisher : Terminator 2: Judgment Day- The Book of the Film- An Illustrated Screenplay (Applause Screenplay Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Terminator 2: Judgment Day- The Book of the Film- An Illustrated Screenplay (Applause Screenplay Series):

0 of 0 people found the following review helpful. A must read. Brilliant.By Truth TellerThe kind of book that is not done anymore and back in the day this was incredibly inspiring to me in my career finding it again has been a joy and I love this book to death it's just truly a great breakdown of one of the best action films ever made and written about the way that anybody could understand the movie making and creative side of it. A must read1 of 1 people found the

following review helpful. It's okay,By MochashakeThis book is based off the movie. It is good; however, it is small. At least the hardcover is. It is about 4 inches tall (I should have read the product dimensions *sigh*) and the story is pretty good. Lots of pictures, and it is very small and kind of pricey for the size.1 of 1 people found the following review helpful. Much better than the movieBy TracyMuch better than the movie. The insight into the characters minds including the mind of the terminator was interesting. I love this book.

A handbook of this blockbuster film. Over 700 photos, with a 16-page color section and stills from footage NOT seen in the film. Over 90 detailed annotations chronicling the production and storyboards mapping out the film's strategy.
