CustomerThe script to one of the classic films of the 20th century. It's fascinating to see the large and minute permutations as a script is transformed into a living, breathing movie. Only by reading the script can you get a sense of some of the chunks that had to be left out due to budget constraints. 0 of 10 people found the following review helpful. See the movie!By A CustomerI haven't read the screenplay, but it must be just as good as the movie, one of my favorite films of all time! It's a rousing fantasy/ adventure story of a group of superpowered people going on a quest around the universe to stop a war. Exciting enough for kids, and intriguing enough for adults! See it for your own sake!

The complete screenplay and credits with dozens of photos from the 1998 film. "A carnival! A wonderland! A weekend with nine Friday nights! Terry Gilliam's lavish dreams are beyond those of mere mortals" - Harlan Ellison
