Tara Bennett, Paul Terry : The Art Of Big Trouble In Little China before purchasing it in order to gage whether or not it would be worth my time, and all praised The Art Of Big Trouble In Little China:

Celebrating the 30th anniversary of John Carpenter's cult classic film, this is the first-ever look at the artistic world behind the beloved movie and its expanded universe. Packed with never-before-seen images, including costume designs by Oscar nominee April Ferry; original set designs by Production Designer John J. Lloyd; storyboard art; concept art from the comic book series; development art from Funko's Big Trouble series; and exclusive new pieces by the film collectible gurus at MONDO. Plus, an exclusive interview with artist Drew Struzan and a look at his early pencils for the iconic film poster. Features a Foreword by John Carpenter and an Afterword by Big Trouble in Little China comics writer and cover artist Eric Powell.
