There is a foldout section with pictures of all the racers. I bought this for my little boy who LOVES this movie. He enjoys looking through the book. 1 of 1 people found the following review helpful. ""The Art of Cars 2? is a brilliant book that provides us with a window into the development of the film. Climb in, take a look, and you will once again be blown away by a creative side of Pixar that is not necessarily directly seen on screen, but still deserves a ton of praise." Pixar Times blog "Another stellar addition to the long line of must own Pixar books...If you've loved the previous Art of books, you will certainly not be disappointed by the latest entry." - PixarTalk
