**Mr. Maniacal : The Art of Fear: Theories of a Dark Entertainer** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Art of Fear: Theories of a Dark Entertainer:

The Art of Fear was Mr. Maniacal's first book published back in 2005. With another book on the horizon Mr. Maniacal has revised his first book and has decided to re-release it to the public. The Art of Fear is Mr. Maniacal's in-

depth look at the haunted attraction industry and the creative nerve center behind the show. Not your typical "how-to" book, *The Art of Fear* is a collection of theories and techniques he has gathered over the past 15 years in the industry. Covering topics like room design, soundscapes, lighting, character creation, and more makes this book not just for haunted attraction owners, but everyone involved in putting on a haunted show. The industry and customer expectations have changed and the haunted attractions must change with them. This is a perfect companion for any haunter.
