Brett Rector : The Art of Hotel Transylvania 2 before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Art of Hotel Transylvania 2:

Another hit from the guys over at Sony Pictures Animation. The book presents concept art and statements from the crew about their creative processes. Print quality is terrific! I'll admit I didn't get a lot of the art I had wished to see (Drac and Mavis' cute bat forms, the updated werewolf gal Winnie), but there's plenty of Dennis and frankly everything here is of such high quality that it still proved entertaining.

A very good book that focus more at the concepts than in endless texts like some others artbooks.

The film stars Adam Sandler, Selena Gomez, Fran Drescher, Andy Samberg, David Spade, Mel Brooks, Keegan-Michael Key, Kevin James and Steve Buscemi and is scheduled to be released on September 25, 2015, by Columbia Pictures.
