Gorgeous and breathtaking artwork for artists Studio Ghibli fans By rancky Kiki's Delivery Service is my favorite Ghibli film, and I've been eyeing to get this for a really long time now. It's full of amazing art and takes you through their character design process (you get to see many versions of Kiki and her hairstyles). It also provides you lots of insight on their work process through the entire film; which includes all kinds of fantastic work. Each page is just awesome to look at and take in, especially if you're an artist too. Highly recommended for artists and Studio Ghibli fans; and a must have for both! 0 of 0 people found the following review

helpful. Perfect!By Neil HanksThere's no way this won't please you or any other miyazaki fan. Great, big pictures and artwork, and a good bit of information too. Some of the most incredible coffee table books to ever have. Every now and then I'll crack one open and spend hours going through them!0 of 0 people found the following review helpful.
