Gives many details about the characters not specified in the film itself such as background/personality traits. It's very interesting to look at the sketches and original ideas of each scene and compare it to how it came out in the final product. If you're a fan of Miyazaki, just love this movie, or are simply interested in the process of creating this movie's art, it's a great book to have. It never gets old.2 of 2 people found the following review helpful. MUST HAVE if you are a Miyazaki fan !By NicoleJanelleThis is a beautiful book. I bought it as a Christmas present for my roommate who is a devout Miyazaki fan. She adored it. The artwork inside the book is absolutely beautiful. Its a great hardback cover that wont get worn or

torn over time. Its a definite buy in my opinion. Im even considering buying another copy for myself!0 of 0 people found the following review helpful.
