In the new short film from Pixar Animation Studios, Sanjay's Super Team, accomplished artist Sanjay Patel uses his own experience to tell the story of a young, 1st generation Indian boy whose love for western pop culture comes into conflict with his father's traditions. This art-filled peek behind the curtain of this groundbreaking film is sure to excite Sanjay's legion of fans, and thrill animation lovers around the world.

"The Art of Sanjay's Super Team is everything I want an art book to be. The book is full of a diverse range of art; we don't just get to see the finalized art but also exploratory work that didn't make it into the short. A great part of the book is also that it's filled with information and interviews with the crew...It works very well, and I was very intrigued throughout to read about the production of the short and everything that went into it. This book is in my opinion the perfect art book, and it's definitely one you shouldn't miss in your collection."-Rotoscopers

"f you're a fan of the short, this will be a treasured book for you. The art is incredible, the stories make you feel like you're an insider, and the flow of the book is terrific. This is a great book to add to your library."-Disney Nerds  
"It's actually the first 'art of' book focusing on a Pixar short, but I found it fascinating, not least because Hindu culture is not something you see a lot of in typical American pop culture. While the movie itself does not get very deeply into the religion, it is a very personal story and the book provides a little more insight into the origins of this story and how it came to be made." - GeekDad
