A Fantastic and Groovy Artbook! :) By GRyan6207 The book has such wonderful artwork, giving an in-depth at the Art and creation of the upcoming Trolls movie. It's a Fairy Tale with a mix of Medieval/70s vibe to it, the designs are incredible and careful there are some spoilage hints in the book. But overall-this book is amazing and available to buy here on -carefully supplies right now are limited and the book comes out in stores Oct 11th.. got it earlier. 0 of 0 people found the following review helpful. Exceeded my wishes! By Spencer Wiggins This book is serious eye candy if you loved the color and textures in the movie like me, you will LOVE this book! It even has a glittery title on the cover, which is beautiful! I look at it all the time! My kids, who also loved the movie (ages 18 mo, 5,7) also love to look at it all the time! It's my favorite "art of" book that I own! 0 of 0 people found the following review helpful. Great for film and Trolls lovers By Miho Sempai Beautiful concept art and well-written, this is a great book for film and Trolls lovers! I love seeing the early production photos and learning about the inspirations for the filmmakers. Awesome book!

Based on the popular Trolls dolls created by Thomas Dam, Trolls is a 3D computer-animated musical comedy from DreamWorks Animation directed by Mike Mitchell (Shrek Forever After) Princess Poppy (Anna Kendrick) is a relentlessly upbeat, if slightly naive, Troll who inherits her crown on the very day her people face the first challenge that can't be solved with a song or a hug. Accompanied by Branch (Justin Timberlake), she ventures far beyond the only world they have ever known in a quest that tests their strength and reveals their true colors. Full of playful designs

created in the optimistic and fun-loving spirit of the Trolls, *The Art of Trolls* showcases hundreds of pieces of concept and production art to illustrate how DreamWorkss team of talented artists created an enchanting reinterpretation of the Trolls phenomenon that has gripped collectors and popular culture for decades.

". . . This book is loaded with insanely appealing pre-production art, design, and color. If you loved the film, are studying the craft, or just enjoy the art this one's for you. It's for me on all counts . . ." Jerry Beck, *Cartoon Research*
