Richard Dinnick : The Big Finish Companion: 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Big Finish Companion: 1:

0 of 0 people found the following review helpful. A must-have for Doctor Who fans!By Mitch ObrechtI have been a fan of Big Finish's Doctor Who range for years. But they've done a lot more than just Who. This guidebook delves into the history of the company, their many ranges, and gives detailed information about every single release, up through its publication. There is a volume 2 that continues where this left off.This book goes in depth with the writers, directors, actors, and producers behind the BF stories, including lots of trivia I had never heard before. I cannot recommend this enough for Doctor Who and Big Finish fans.5 of 5 people found the following review helpful. Essential Reading for Fans of the Big Finish Audio Adventures of Doctor WhoBy Phillip SernaHaving been a long term fan of the Big Finish Doctor Who range of adventures for the 5th, 6th, 7th and 8th Doctors as well as the spinoff ranges, the Big Finish Companion Volume 1 is the sort of non-fiction Doctor Who book I had been wanting for a long time. I am one who is deeply interested in the behind-the-scenes information, trivia, and the people behind the audios.

I have found that this is a tightly written and excellent sourcebook - a Doctor Who Programme Guide for the audio adventures. Really looking forward to the second volume, but I must say that Richard Dinnick has done an excellent job with this book and is a perfect sourcebook for the dedicated reader or the casual browser alike. Bravo to Big Finish for the work they do, and here's to many more years, and volumes of the Big Finish Companion for those of us who follow, with great anticipation, future releases by Big Finish. A must buy, and a perfect companion to Benjamin Cook's Doctor Who: The New Audio Adventures: The Inside Story. I cannot recommend these books enough!- Dr. Phillip W. Serna, DMus, co-host, Adventures in Time, Space and Music

A comprehensive guide to Big Finish releases including Doctor Who, Bernice Summerfield, Dark Shadows, The Tomorrow People, Sapphire and Steel, Stargate, Highlander and more. Contains facts, trivia and behind the scenes interviews. Hardback, coffee-table format.
